Then and Now.

Puzzling.

The rapidity with which new counties are created in Tennessee puzzles the map makers to keep up with them.

Personal.

Mrs. E. Kirby Smith, wife of the distinguished Confederate General of that name, took dinner at the Atkin House yesterday.

Damage Suit.

We understand that one of our citizens intends suing the Corporation for \$10,000 damages for injuries sustained by falling through a cellar door.

Greenbacks.

We learn that the State Treasurer says he has received more currency for a month or two past; from Mr. H. C. Tarwater, late Tax Collector of Knox county, than from any other source in the State.

Rencontre.

A personal rencontre took place yesterday between B. C. Camp and Wm. Hodge, a railroad man. The difficulty originated from hard feeling between the parties, and culminated in a fight, brought about with the aid of John Bar-

Postponement.

We are requested to announce that the musical entertainment of the Y, P. C. A., appointed for this evening, is postponed one week. The weather has been so bad as to prevent rehearsals, and as some of the music selected is rather difficult for amateurs, more time is required to prepare it.

A Good Sign.

The crowded condition of the depots along the line of the East Tennessee, Virginia and Georgia Railroad, and the difficulty in supplying the needful transportation as rapidly as the demand increases, is a sure indication that East Tennessee is fast recovering from the ravages of the late war.

A Family Without a Newspaper.

Davenport Rrothers.

The advertisement of these gentlemen will be found elsewhere. For many years they have been before the public, and wherever they have appeared they have created wender by their mysterious performances, which, though the result of skill and science, is said to be far superior to those of their professional rivals. They will exhibit at Hoxsie's Hall on Monday and Tuesday nights next.

To the Tax-Payers of the 1st Civil District. As there seems to be a misunderstanding about the duties of Assessors in valuing real and personal property and about the duties of tax-payers to make out a list of them, I will endeaver to explain the law as prescribed by the Code and by recent acts of the Legislature, at the same time explaining the object in send-

providing the mode of assessing lands and town lots, refers to section 571 to 578, inclusive, of the Code. These sections provide that every taxpayer shall give in to the Assessor a complete list of all his property, &c., and also provide that an oath be administered to every person furnishing such a list. Section 541 provides that all jewelry, gold and silver watches, chains, &c., to the value of fifty, and pianos and household furniture over the value of five hundred dollars are taxable; but by an act of Assembly, passed June 27, 1870, one thousand dollars worth of personal property in the hands of each taxpayer is exempt from taxation. This act is not repealed by the act of January 31, 1871, and in accordance therewith, I hold that pianos, jewelry, &c., are not taxed unless all the personal

Serious Accident.

We regret to state that on Tuesday night Mr. N. B. Baird was severely injured by falling down a flight of steps at the Flag House, near the depot.

It seems that he had been imbibing freely, and had just left the Railroad Saloon to go into the eating house adjoining, but instead of going in at the door, started down an abrupt stairway, and fell a distance of about fifteen feet, striking his head against the steps and a large stone, cutting his forehead and producing a severe contusion, besides sustaining internal injuries of a serious nature.

He was discovered with his head lying in : pool of blood by a youth passing by shortly afterwards, when Dr. Krous was called on, who dressed the wound and gave directions for his

Mr. Baird was then taken to the residence of Deputy Sheriff Gibbs, where he was made as comfortable as circumstances would admit. He was very restless during the night, and re-

mained insensible for about eight hours. Dr. Krous informed us that the injured man was doing very well and that his skull was not

broken, which is rather remarkable, as he informed us it had been previously fractured.

A Musical Genius Silenced.

For several months past the employes of the Virginia and Tennessee Railroad Company, near Lynchburg, have been annoyed by an old colored man, who thought he could extract sweet sounds from an ancient boat-horn. He would try to play such rapid music as waltzes, schottisches, and the like, on the instrument of abomination, and of course in the slowest possible time. The clerks at the depot could not remedy the evil; for the old cuss would close his window tight, leaving an aperture just large enough for about seven feet of his horn to protrude. The other evening he was engaged in playing his customary devoirs at the shrine of ear-breaking tunes, when a little nigger stopped it by dropping a ten-pound rock on the mouth of his blowpipe. The horn bent over at a right angle; two teeth were seen to roll into the canal from the mouth of his instrument, while the confused noises within the boat-horn suggested the idea of the top of somebody's head being raised up. The clerks have enjoyed peace ever since.

Many persons say that they have tried almos every remedy that has been recommended for humors, and they are no better now than when they commenced them, and they have no confidence in anything that is advertised to cure Salt Rheum, Erysipelas, and all similar humors. We would say to these that there is now a remedy that as yet has never failed of curing those diseases. It acts upon an entirely different principle from anything ever offered for them; it throws humor out of the blood through the skin, which is the only channel through which the system can be entirely freed from them. If you will try it, you will not say of this as you have by the others, for it will cure you. We refer to Dr. Weaver's Salt Rheum Syrup.

The Solace of Age.

Plantation Bitters is an agreeable compound of St. Croix rum-the most nutrimental of all distilled liquors-and a variety of tonic, alterative and anti-bilious vegetable productions, among which is that invaluable of invigorants, Calisava bark. The spirituous basis is manufactured by the agents of the proprietors, from the sugar cane, on their own leasehold plantations in the West Indies; and the Calisaya bark is gathered and prepared for exportation from South America by the employees of the firm. Both, therefore, can be guaranteed to be un-adulterated, and of the finest quality.

For these reasons, Planation Bitters is recommended as an unequaled invigorating cor-dial for aged persons. But it has a stronger recommendation than that of the proprietor, viz: the testimony of thousands in the decline of life, who have tested its revivifying properties. The record covers a period of more than bute to the success of this worthy undertaking. ten years, and includes both sexes and all ages, from fifty to four-score years and upwards.

Knoxville Wholesale Market.

Review of the Produce Market for the week ending February 13, 1871. CORRECTED BY J. W. GAUT, MARKET SQUARE.

KNOXVILLE, February 13, 1871. An active demand has prevailed for all kinds of grain during the past week, and corn, wheat and oats were readily taken at quotations. At the close of the week oats dropped off a little.

An unexpected advance in the rates of freight, and especially on all grain, passing over the Western and Atlantic Railroad, in Georgia, will diminish the trade in that direction. We therefore close this report with an unsettled feeling in the market.
